

SEA-EU Blue Talks

SEA-EU Blue Talks is a series of short on-line events focused on the topic of a blue economy organised by the European University of the Seas (SEA-EU). Talks are delivered in the form of a one-hour webinar where an expert in the topic presents the state of play in the specific field and participants are invited to contribute with questions and comments for the Q&A session.

Talk No.1

Oct 15, 2020 01:00 PM

The Blue bioeconomy - experiences from the Baltic Sea Region

Angela Schultz-Zehden from Submariner Network will share experiences and lessons learnt on implementing the blue bioeconomy solutions in the Baltic Sea Region.

Angela Schultz-Zehden

Managing director @SUBMARINER Network

European University of the Seas (SEA-EU) vision is to establish a distinctly international, pluri-ethnic, multilingual and interdisciplinary European University. European Universities are transnational alliances that will become the universities of the future, promoting European values and identity, and revolutionising the quality and competitiveness of European higher education. SEA-EU will encourage excellence in research to gain more knowledge and a better understanding and management of the marine environment.
